Technology is in Our DNA

Select Source International (SSI) is a process-driven organization utilizing cutting-edge technology: Ceipal for applicant tracking and onboarding, Jobma for one-way & live video interviewing, and RingCentral for call quality monitoring & auditing. Compliance and risk management are at our core, backed by SOC 2 Type 2, ISO 9001 & 14001 certifications, GDPR compliance, and rigorous background checks. We strive to perpetually improve our customer service in how we interact and interface with both clients and consultants. Our commitment to excellence is reflected in our 4.8+ rating on Google, and backed by 1,000+ organic reviews.
