Capabilities narrative

Newbloom AI LLC is a Minnesota-based, SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering practical, secure AI implementation for government, prime contractors, and mission-driven organizations. We help teams turn AI tools they already own into measurable results: AI readiness assessments, workforce training, workflow automation, internal knowledge assistants, and custom AI applications - always with human-in-the-loop review and accountability. Founder-led, with hands-on experience operating Lot Lingo, an AI platform that has processed ~500,000 lots across 2,000+ auctions and cut cataloging time from five days to one. Built on Microsoft Azure, Azure OpenAI/Foundry, OpenAI, Anthropic Claude, and Microsoft 365 Copilot, with depth in document processing, computer vision, and speech-to-text.
