

# Bald Eagle Erectors, Inc.

## CAPABILITY STATEMENT

Bald Eagle Erectors, Inc. was established in 1994 specializing in concrete reinforcing, post tension, welding, structural steel, railings, stairs and miscellaneous metal installation. Recently, Bald Eagle Erectors has expanded its operation to include medical equipment support steel.

Bald Eagle Erectors provides quality, value, and added services to its customers. Our focus is on safe quality workmanship, which is displayed in the projects we work on, the companies we work with, and the quality of work when the project is complete.

Bald Eagle Erectors is a member and employs union Ironworkers from Local 512. Bald Eagle Erectors' success over the years is due to additional and repeat business based on referrals from its satisfied customers. The mission of Bald Eagle Erectors and its personnel is to build and operate a company that provides a safe valuable quality service to all of its customers.
