COMPANY SUMMARY

Gemcraft Contracting, LLC is a SDVOSB and HUBZONE General Contractor with extensive experience in commercial construction. We specialize in industrial, commercial, institutional, and healthcare projects. Self-performance capabilities include: concrete, structural steel, steel and wood framing, masonry, drywall, painting, and finish carpentry.

Our attention to detail and ability to complete complex projects makes us the choice for federal agencies and private clients.

Gemcraft Contracting owners have over 40 years construction experience and the skill and knowledge to complete projects on time and on budget.
