

Capacity Statement: Ahmed Mohidin LLC DBA- Sigma Consulting & Training

Sigma Consulting & Training is a dedicated consulting and training firm committed to providing comprehensive support to Minority small businesses. With a focus on Technical Assistance in various areas such as Business Formation, Retention and Access to Capital, Translation Services, and Research Data Collection, we strive to empower our clients to achieve their goals and overcome barriers to success. Our recent partnerships with the Minnesota Small Business Development Center (SBDC) and Hennepin County reflect our dedication to fostering growth and opportunity within our local community.

1. **Technical Assistance for Business Formation, Retention, and Access to Capital:** At Sigma Consulting & Training, we understand the unique challenges faced by Minority small businesses during their journey from formation to sustainable growth. Our team of experienced consultants provides tailored technical assistance, guiding entrepreneurs in establishing and expanding their businesses. We assist in navigating legal and regulatory frameworks, developing effective business strategies, and accessing capital resources through grants, loans, and other financial opportunities. Our goal is to ensure that businesses have the knowledge and support they need to thrive in competitive markets.
2. **Translation Services: Somali to English:** As a multicultural society, it is essential to bridge language barriers to promote effective communication and collaboration. Sigma Consulting & Training offers professional translation services from Somali to English, enabling individuals, businesses, and organizations to effectively convey their messages, documents, and ideas. Our team of skilled linguists ensures accurate and culturally sensitive translations, facilitating seamless understanding across language boundaries.
3. **Research Data Collection:** Sigma Consulting & Training recognizes the value of data-driven decision-making in today's competitive landscape. We specialize in research data collection, employing diverse methodologies to gather insightful information across various industries and domains. Our team has experience working with multilingual populations, enabling us to collect data in multiple languages and cultural contexts. By utilizing advanced analytical tools such as R and Stata, we provide comprehensive data analysis, helping clients uncover trends, patterns, and actionable insights to inform their strategies and make informed business decisions.

Recent Contracts and Partnerships: We are proud to announce our recent contracts with the Minnesota Small Business Development Center (SBDC) and Hennepin County, which demonstrate our commitment to delivering high-quality services and support. These partnerships strengthen our ability to reach and assist Minority small businesses within the region, providing them with the necessary resources to thrive and contribute to the local economy.

Sigma Consulting & Training is dedicated to empowering Minority small businesses by offering Technical Assistance in Business Formation, Retention, and Access to Capital. We are also committed to breaking language barriers through our Somali to English Translation Services and providing valuable insights through Research Data Collection and analysis. With our recent partnerships with the Minnesota SBDC

Sigma Consulting & Training

and Hennepin County, we are well-positioned to deliver impactful solutions and support to our clients, driving their growth and success.
