RE: State of Minnesota Small Business Program

Dear Disadvantaged Business Enterprise:

Our office administers the Minnesota Small Business Procurement Program. As of July 1, 2015, we began certifying Disadvantaged Business Enterprises as targeted group businesses (TGB). Businesses which have been certified by the Minnesota Unified Certification Program (MNUCP) as being a Disadvantaged Business Enterprise (DBE) qualify for Minnesota's Program without having to go through the application process, as long as the business has its principal place of business in Minnesota.

Certified TGBs may be eligible for up to six percent preference when bidding on State contracts for products, services and construction.

If you are currently certified by the MNUCP and would like to be certified as a Minnesota TGB, please review and sign the attached form to verify the business contact information and location of the principal place of business. The document should be returned to:
